

<b>Field Window</b>	January 20 – 25, 2026
<b>Sampling</b>	Survey results cited in this report are from online survey interviews with a randomly-selected sample of <b>N=911 adult residents of Ontario</b> , 18 years of age and older.
<b>Reliability</b>	Margin of error cannot be officially assigned to an online sample. As a guideline*, a probability sample of this size carries a margin of error of <b>± 3.3%</b> , 19 times out of 20. The margin of error would be larger for sub-segments.
<b>Weighting</b>	Data has been weighted using the most current age, gender, and region Census data to ensure the sample reflects the actual population of adult Ontarians.

A1 - Thinking about news, politics, and events in the United States over the past 12 months... have these events – and their real or potential effects on Canada – had a positive, negative, or no impact upon your mental health?

Proportions/Mean: Columns Tested (5% risk level) - B/C - D/E/F - G/H/I/J/K/L - M/N/O - P/Q/R - S/T/U/V - W/Z/b - W/a - X/Y/Z/b - X/Y/a

\* small base; \*\* very small base (under 30) ineligible for sig testing
